October 2007

Vol 1 Number 3

New styles for fall, great gift ideas for the holiday season

This season Morgan Fitzgerald's offers a variety of fresh, unique styles and wonderful gift items that will see you through the coming holiday season in comfort and style!

We've found the perfect accessory for every outfit this winter -- a genuine rabbit-fur coat. This exquisite coat is affordably priced at \$85. It is available in black or sea mist.

Coordinated groups and pieces from **600 West** make it easy to put together a great look that is truly your own. Choose from a variety of textures, colors and styles including jackets, sweaters and pants.

We've discovered an absolutely fantastic new sleepwear line: **Wicking J**. This beautiful and functional line of sleepwear is designed to relieve the discomfort of night sweats. The unique quick-drying, patented fabric "wicks" away the wetness from your skin, so you wake up dry, not drenched!

Hugging Kisses is a fun, contemporary clothing line. These beautifully hand-beaded styles present a dressy-casual look.

This season you'll find a myriad of new accessories such as fashionable and functional organizers from **Brighton** and two new jewelry lines: a contemporary **Peruvian** line made from buffalo bones, turquoise and beads and a truly unique line from **Two Teachers** made with polished fossils.

And don't forget the compact scrapbooks by **Bitty Brags** that are perfect for any special occasion, scented **soy candles** by er'go that come in a practical travel tin, and the beautiful new organizers from **Brighton!**

Pictured from left: Two Teachers earrings and necklace set, er'go candle, Brighton organizer, Peruvian necklace, rabbit fur coat

NOVEMBER NEWS

Stop by Morgan Fitzgerald's and Merle Norman during the month of November and take part in our **Cinderella Shoe contest**. Simply try on a pair of Brighton shoes and register to win a free pair of Brighton shoes. (Separate drawings at each store.)

Nancy's timely tip

Planning to shine-up your silver this holiday season? When polishing silver use cotton gloves to prevent skin oils from corroding the silver. (We offer hand-polishing silver service.)

New styles

Fabulous new shoe styles for fall and winter:

comfortable Dansko boots...

...elegant Brighton loafers...

...fashionable Brighton pumps!

Fashion trends for Fall and Spring

Clean lines, great detailing, and then BAGS and SHOES and important jewelry accents. That's the dialect being spoken in fashion land.

Jackets, and preferably knit tops over dresses continue. CROPPED is the look -- "Jackie O" with big button(s).

Bamboo and soy fabric are throughout the market and look "now," including Linda Lundstrom.

Ornamented jeans are more low-key. Think details like embroidery rather than glitz, and back pocket fraying. Make no mistake: Denim is stronger than ever.

Think hobos and satchels with hardware in your handbag mix. "Lady" handled bags continue, and envelopes still have a newness. Collect novelty looks in all shapes.

Belts are important. Think WIDE; special meshed metals, photo reproduction, leathers, cummerbunds, crock and alligator, the works. But include refined basics.

Coming Up...

Visit us at www.fitzyou.com for more details.

 In October schedule an appointment for our **Personal Shopping Service**. During your personal consultation we will show you how to accessorize and update three of your favorite outfits from home. We also will guide you to additional styles that will mix and match with your outfits. (A \$15 deposit good towards your purchase is required.)

Is your skin truly moisturized?

 Come in for a free **electronic moisture check** that will help you determine areas you need to moisturize.

Call for an appointment, 979-268-0608.

Nov. 1-14 - Visit Morgan Fitzgerald's in Bryan between 2-4 p.m. each day and enjoy **informal modeling** of our latest fashions and refreshments.

Discontinued designers

If you're a fan of **Henry Lee** or **Diane Roberts** half sizes, be sure to come in soon because these lines are discontinued as of **Jan. 1, 2008!**

Dansko Shoe SALE!
Save up to **50%** on selected Dansko styles!

October is Breast Cancer Awareness month and Brighton unveiled its expanded Power of Pink promotion to support breast cancer charities on Sept. 29.

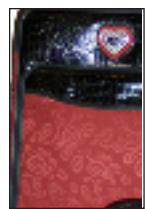

“Now, in our 5th annual year of this powerful promotion, we are tripling our efforts to empower and show our love for all the women we hold precious... by introducing not one or two, but three new pieces of jewelry,” said Brighton officials.

Semi-precious rose quartz beads and hollow pierced silver caps make the necklace, bracelet and earrings beautiful accessories, but there is even greater beauty in the meanings they hold. The rose quartz stones are a soothing, calming crystal that is said to promote love and healing. Words have the power to send messages of love and healing as well, so the inscriptions on the charms remind the wearer to have gratitude for WHAT IS right now: “live life to the fullest,” “here & now,” “enjoy every moment.”

With every bracelet or necklace sold, Brighton will donate \$5, and with every pair of earrings sold Brighton will donate \$2.50 to a breast cancer awareness organization.

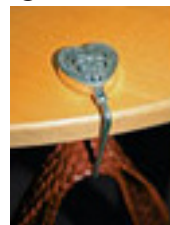

Available through Oct. 31, while supplies last.

More from Brighton...

For all you Brighton luggage lovers, Brighton has created a larger bag for those needing more space. It's available at the same price (\$500) as its smaller version. The new size will be available Jan. 31, 2008.

Don't set your beautiful Brighton handbag on the floor on or the back of your chair next time you go out. During Brighton's "On the Hook" promotion you can get a beautifully designed handbag holder free with the purchase of any Brighton handbag. The holder - a \$25 value - fits on the edge of most tables to hold your handbag safely off the floor. It is available Nov. 2-15, while supplies last.

Don't miss a thing! Join our email list for the inside scoop on our latest promotions and sales
