

New Arrivals

Dansko shoes are known for terrific arch support, but the major styles were clogs. Now the new spring designs are attractive and give terrific arch support. Check out the new sandal designs with arch support.

Find your perfect fit with a Wacoal bra

If your bra is uncomfortable, the straps fall off your shoulders, the underwires poke or bother you or the back of your bra rides up, then you are probably in the wrong size bra, says Liz Smith, spokesperson for Wacoal America and a national bra-fit expert.

According to Smith, 8 out of 10 women are in the wrong size bra.

“A properly fit bra should contain, support, lift, and shape your bust as well as be comfortable,” she explains, adding that a

woman should be professionally fitted for a bra once a year.

“And now you can find that perfect fit right here in Bryan at Morgan Fitzgerald’s,” says owner Nancy Pride

In May Morgan Fitzgerald’s is hosting a Fitting Event where a trained bra-fit expert will be available to help you find your perfect fit in a Wacoal bra.

“Wacoal has one of the best-fitting bras in the country,” says Pride. “Oprah (Winfrey) even recommends them.”

Morgan Fitzgerald’s now offers a full line of Wacoal bras, including hard-to-find sizes. Schedule your personal fitting, 979-268-0608.

New silver-polishing service

Morgan Fitzgerald’s now offers a hand silver-polishing service. We use “Silverplater,” a patented product that puts silver back on the piece rather than removing silver as it is polished. A silver wax is then applied that prevents the piece from tarnishing for up to 6 months. The wax comes off when the piece is polished again. If you prefer to do the polishing and waxing yourself, both products are available for purchase. “Silverplater” is also available for purchase.

Have outdoor plans this summer?

Don’t forget your Sunveil Sunwear! Sunveil Sunwear is specially designed to help reduce exposure to the sun’s harmful UV-A and UV-B solar radiation. Morgan Fitzgerald’s offers a wide selection of Sunveil including hats, shirts and jackets.

LUGGAGE DESIGNED WITH WOMEN IN MIND!

Are you searching for the perfect luggage for your summer travel?

Look no further than Morgan Fitzgerald's and Brighton luggage!

"This is a woman's luggage with women's needs in mind," said Nancy Pride, owner of Morgan Fitzgerald's in Bryan and Merle Norman in College Station.

Brighton luggage, designed by women for women, has features other luggage just doesn't have, she added.

An abundance of plastic pockets carry wet swimsuits or other liquids.

Shoe pockets provide greater depth to accommodate women's shoes with heels.

We carry a wide selection of Brighton luggage in red or black including duffels, cosmetic cases, wheeled carry-ons, computer bags and briefcases.

The light inside lining offers contrast for increased visibility.

The reinforced corners prevent damage while increasing durability.

Rollerblade wheels roll smoothly and silently.

And all of the pieces fit in most overhead bins.

Nancy's timely skin-care tip Extend fragrance durability. Apply a body lotion first, next add cologne. The moisture in the body lotion prevents absorption of cologne fragrance, thus making it last almost as long as more expensive perfumes. (Find more tips at www.fitzyou.com)
